A SONG OF THE STARS.

BY GIPSY WILDE.

Praise to the God of infinite might
Who sittest upon the White Throne!
Praise to His majesty, wisdom and might,
Who ruleth the world alone!

We seek not to ken His unsearchable ways,
Or the mysteries of the Unknown;
We know but to offer unceasing praise
For the grace and the love he hath shown.

We know not why Wrong sways the trident of power,
And shakes the Empire with pain;
While the white-browed champion of Right,
Gropes through the shades of night's plain.

We know that Good, at the feet of Ill
Sits robed in the sackcloth of woe;
We know He is just, do whate'er He will,
Then we ask not *why* it is so.

We know that He loveth His children well,
Though He chasteneth sore with the rod
Of long-suffering, that the soul
Bear the stamp of allegiance to God.

We in our night-vigils have seen the pure weep
Tears that seared as they fell;
While the vile, 'neath the spell of dewy sleep,
Find a Lethe in their voyage to Hell.

We know there are few, who bear not a cross
Of agony unseen;
And the brighter the smiles encased in tear pearls,
The darker the flood between.

We know that the veil of the mystic doth hide
The perfect day from our eyes;
But e'en through the mist of the Earth Nephelin,
There's a God, who is great, good and wise.

Then praise to the God of infinite might,
Who sittest upon the White Throne!
Praise to His majesty, wisdom and might,
Who ruleth the world alone!

Important to Republican Voters.

Headquarters, Republican State Central Committee Rooms, No. 1105 Chestnut Street, Philadelphia, Sept 7, 1869.—The following synopsis or digest of the act approved April 27, 1869, entitled "An act further supplemental to the act relative to the elections of this Commonwealth," commonly called the "*Registry Law*," has been carefully prepared by the Republican Executive Committee of Allegheny county. It exhibits the various things necessary to be done under the provisions of so much of said act as applies to the State at large, including the duties to be performed by the commissioners, assessors, election officers, &c. Our friends in the different counties should see that its provisions are faithfully carried out.

JOHN COVODE, Chairman.

Digest of the Registry Law.

I. *Duties of Assessors.*

By section 1, of the Registration Act, each assessor is required to take up the transcript, or list of taxables resident within his district, furnished him by the commissioners of the county under the provisions of the act of April 15, 1854, section 8, relating to the assessment of taxes.

In almost every district names will be found on the list of transcript, of persons who are not legal voters. It is made the duty of each assessor to commence the revision of this list on the first Monday of June in each year. He is required,

1. To strike from this list the name of every person who is known by him to have died, or removed from his district, since the last previous assessment, or in other words, since the last list was made out.

2. He shall also strike from the said list the names of all such persons as shall have been made known to him to have died or removed from the district.

3. He shall add to the same list names of such persons as he shall know to be qualified voters, and who shall be known by him to have removed into said district since the last previous assessment.

4. He shall also add to such list the the names of such persons, qualified voters, as shall be made known to him to have removed into said district since the last previous assessment.

Under the 4th article it is proper to remark that assessors should add to the list the names of no person not known to them without satisfactory evidence that such persons had not only moved into the district since the last previous assessment, but also that they were legal voters.

5. He shall also add to the said list the names of all persons who shall make claims to him to be qualified voters in his district.

And here again, under the 5th article, it is proper to say that the assessor should not add to his list the name of any person making claim to him to be a qualified voter in his district, if the assessor knows him to be either a non-resident of the district, or if a resident, not be a legal voter. And if the person making such claim be wholly unknown to the assessor, it is his duty to require of the person so claiming to have his name added to the list, clear and satisfactory proof both of his residence within the district and of his legal right to vote.

6. As soon as the assessor shall have completed the revision of his list, in the manner before stated, it is his duty to take his list, so revised, and visit every dwelling house in his district, and ascertain, by careful inquiry, if any person whose name still remains on his list has died or removed from the district, and, if so, to strike such name from the list. He will also carefully inquire so as to ascertain whether any qualified voter resides in his district whose name is not on the list, and if so to add such name to his list. The assessor should be careful to add no name to his list without being fully satisfied, either from his own personal knowledge, or from satisfactory evidence, that the person whose name is to added to the list is a legal voter and a *bona fide* resident of the district.

7. In all cases of the addition of a name to his list by the assessor, he shall assess a tax forthwith to such a person; and the assessor shall in all such cases ascertain by inquiry, upon what ground the person so assessed claims to be a voter.

From this provision of the act it will be at once seen the duty of the assessor is to see personally, in all cases of additions to the list, every person whom he registers within his district. He should register the name of no person at the instance or request of a third party, but only at the instance of the person *to be registered himself*, and then only upon the personal knowledge of the assessor of the applicant's right to register, or upon sufficient evidence of such right.

8. Upon the completion of the registration, the assessor is to prepare an alphabetical list of the white freemen, above twenty-one years of age, claiming to be qualified voters in his district, and opposite each name he shall state whether such alleged voter is or is not a housekeeper, and if a housekeeper he shall note the street and number of his house, if lying in a town where houses are numbered, or the names of the streets, alleys or court if in a town where the houses are not numbered.

If the person registered be not a housekeeper, the assessor will note on his list of voters the place of boarding of the person registered, and the name of the person with whom he boards, and in all cases he will note the occupation of the person for whom he is working. He will also write opposite the name of each person registered the word "voter."

9. No assessor should register any person claiming to vote by reason of his being naturalized, until such person exhibits to him his certificate of naturalization, unless such person shall have been a voter in such district for five consecutive years next preceding such registration.

10. The name of every person registered by reason of naturalization should be marked with the letter "N." But if the person has only declared his intention to become a citizen, intending to be naturalized before the next election, the name shall be marked "D. I."

11. When the person registered claims to vote because of his being between the ages of twenty-one and 22, the assessor, at the time of registering him, should write opposite his name the word "age."

12. Upon the completion of the list of registration and assessment by the assessor, it is made his duty, by the second section of the act, forthwith to return the same to the commissioners of the county, who should cause duplicate copies of the said list, with the observations and explanations, to be made out as soon as practicable, which duplicate copies they are to place in the hands of the assessor, whose duty it is made to put one copy thereof on the door of, or on the house where the election of the district is required to be held, and to retain the other in his possession for the inspection of any voter in the district who may desire to see the same.

14. It is further made the duty of each assessor, from time to time, to add, on the personal application of any one claiming the right to vote, the name of such claimant, marking opposite he name "C. V.," meaning thereby that the person claims a right to vote, and immediately to assess such person with a tax, noting, as in all other cases, his occupation, residence, whether a boarder or housekeeper; if a boarder, with whom he boards, and whether naturalized or designing to be naturalized.

15. Any person so claiming to be assessed and registered, who has been, or claims to have been naturalized, shall, at the time he applies to be assessed, exhibit to the assessor his certificate of naturalization; and if he claims that he designs to be naturalized before the next election, he shall exhibit the certificates of his declarations and intentions.

16. No assessment or registration of any names shall be made within 10 days next before the election, by any assessor, under a penalty of fine not exceeding one hundred dollars or imprisonment not exceeding 3 months, or both such fine or imprisonment.

17. After the assessments have been completed, on the tenth day before the second Tuesday in October, in each year (and the same before each Presidential election), the assessor shall, on the Monday immediately following, make a return to the county commissioners of the names of all persons assessed by him since his previous return.

II. *Duties of County Commissioners.*

1. It is made the duty of the county commissioner, to furnish the assessors with a list of taxables or transcript required by the eighth section of the act of April 15, 1834.

2. Upon the return of the assessors of the assessments and additional assessments and registrations by the assessors, they are required to have prepared and furnish to the assessors duplicate copies thereof.

3. It is also their duty to furnish to the election officers a full and correct copy of the assessments containing the names of all persons returned by the assessors of the respective districts and resident taxables in said districts, together with the necessary election blanks.

III. *Duties of Election Officers.*

1. It is the duty, under the registration law, to reject the votes offered by all persons whose names are not found on the assessment or registration lists furnished to them by the county commissioners, unless such persons are able to make proof of their right to vote, as required by the 4th section.

2. It shall be the duty of the election officers, in case any person offers to vote whose name is not found upon the proper assessment list, to require such persons to make proof of his right to vote, by producing at least one qualified voter of the district as a witness to his residence within the district at least ten days next preceding such election. Such witness will be required, by the board, to take and subscribe a written or printed affidavit to the fact stated by him, which affidavit *shall define*, clearly, the place of residence of the person claiming to vote.

They shall also require a written or printed affidavit to be taken and subscribed by the party to vote, stating to the best of his knowledge and belief when and where he was born; that he is a citizen of this Commonwealth and of the United States, and the length of time he has resided within this Commonwealth; that he did not remove into the district for the purpose of voting therein; that he has paid a State or county tax within two years, which was assessed at least ten days before the election at which he offers to vote; and if a naturalized citizen he shall state when, where and by what court he was naturalized, and shall also produce his certificate of naturalization for examination; such affidavit shall also state when and where such tax shall have been assessed and to whom paid, and he shall produce a receipt for such tax, unless he shall state in his affidavit that such receipt has been lost. And such affidavits shall be filed with the election board, and returned by them with the list of voters.

3. In all cases of a voter claiming to vote by reason of having been naturalized, the election officers should require him to produce his certificate of naturalization when offering to vote, unless he has been a voter in the district for at least ten years preceding such election.

The penalty imposed upon assessors, election officers, &c., for any neglect of duty under the act, is a fine of one hundred dollars; and if any assessor shall refuse to assess any person who is a qualified voter, he shall be guilty of a misdemeanor in office, and on conviction thereof shall be punished by fine and imprisonment.

Packer and Parsimony—Pershing and Plunder.

After election the Democratic P's which they are now so anxiously praying for, will be Pity Poor Packer.

The Mauch Chunk *Gazette* says that it has good authority for saying that Mr. Packer regards his chances as poor. Packer so remarked to a friend in Mauch Chunk.

Democracy makes debts both State and National; Republicanism pays them off. The people of Pennsylvania decide between the two parties in October, and the decision will be right side.

Judge Packer says he was very happy when he "earned his bread by the labor of his own hands." If he thinks there is so much happiness in labor, he should abandon politics and return to it.

Will the laboring men of Pennsylvania vote for Asa Packer, nominated as he is on a platform which does not say one word for the cardinal principle that underlies all their rights—protection!

Manhood, not money, should command the respect and confidence, as well as the votes of the people. The contest in Pennsylvania is between a brave soldier, an honest man and upright officer, and Packer and his twenty millions.

The Republican party shows its regard for the workingman by protecting his industry from the pauper labor of Europe. Democracy, by its advocacy of free trade, would reduce him to the level of the serfs of Manchester, and compel him to work on starvation wages.

How Consumption may be Cured.

An eminent physician sends the following timely views on consumption to the *Hearth and Home:*

The first announcement to a patient that he or she has consumption, is often like a death-knell. The vacant stare, the pale cheek, and the convulsive sigh indicate a shock of the most profound character. Indeed, I have known persons to swoon away, and require the most active exertions to restore them. And yet it is not true that consumption is necessarily a fatal disease. In point of fact, it is not as fatal as many diseases which prevail in every community, and yet excite no remark. Consumption results from a perverted nutrition. Instead of that perfect assimilation essential to sound health, there is an imperfect elaboration of the nutritive fluids, which leads, by inflammatory action or other processes, to the deposition in the lungs and other tissues of crude material known as tubercle. Persons predisposed to consumption, or living under circumstances which lower the vital energies, and prevent the nutritive processes, are those in whom this affection most frequently appears. It follows that there is no specific for consumption. It is not curable by medicines; on the contrary, its fatal issue is more often hastened by medication.

For the encouragement of patients, and to illustrate the course of life most likely to restore vigorous health, a condition incompatible with consumption, I usually relate cases that have come under my observation. The following is one example among many:

"A young medical friend, having an hereditary tendency to consumption, began to realize its first well-marked symptoms. It progressed rapidly toward a fatal termination. The cough, emaciation, and hectic betrayed his condition to the most superficial observer. Alarmed at his condition, but dreading to yield to the conviction of his friends that he was a victim of this disease, he refused to be examined, or even to talk on the subject. At length he became so weak and prostrated that he consented to have his lungs examined, and on the announcement of the physician that they contained large cavities, he fainted, and was rallied with great difficulty. Aroused to a pitch of desperation, he determined that he would not lie down and die, but would betake himself to out-door life. He accordingly spent his entire day in horse-back exercise, sawing wood, boat-rowing, etc. At night he slept on a hard bed in an out-house, through which the winds had full play. His diet was plain and but little cooked; his clothing coarse and scant.—That physician is to-day practising his profession in a New-England town; he is upward of forty-five years of age, and weighs about two hundred pounds. A finer specimen of health is not seen in New-England."

Recovery from the latest stage of consumption is therefore possible. The following outline of the course of life to pursue is given:

Live in the open air and sunshine; avoid dampness and darkness in your dwelling; if possible, choose a dry mountain region; develop by vigorous exercise every muscle in the body to its fullest capacity; select nourishing and easily-digested food, and be sure that it is not over-cooked; dress in coarse woolen clothing; bathe for cleanliness and comfort; never forcibly distend the lungs, but increase their capacity by exercise; and, finally, take no medicines except as aids or additions to the course of life recommended.

HOW TO BE MISERABLE.—Sit at the window and look over the way at your neighbor's excellent mansion, which he has recently built and paid for, and sigh out, "Oh, that I was a rich man!" Get angry with your neighbor, and think you have not got a friend in the world. Shed a tear or two, take a walk in the burial ground, continually saying to yourself "when shall I be buried here?" Sign a note for your friend, and never forget your kindness; and every hour in the day whisper to yourself, "I wonder if he will pay that note." Think everybody means to cheat you. Closely examine every bill you take, and doubt its being genuine, till you have put the owner to a great deal of trouble. Believe every shilling passed to you is but a sixpence crossed, and express your doubts about getting rid of it if you should take it. Put confidence in nobody, and believe every man you trade with to be a rogue. Never accommodate, if you can possibly help it. Never visit the sick or afflicted, and never give a farthing to the poor. Buy as cheap as you can, and screw down the lowest mill. Grind the faces and the hearts of the unfortunate. Brood over your misery, your lack of talents, and believe at no distant day you will come to want. Let the workhouse be ever in your mind, with all the horrors of distress and poverty. Then you will be miserable to your heart's content, (if we may so speak,) sick at heart and at variance with all the world. Nothing will cheer nor encourage you; nothing will throw a gleam of sunshine or a ray of warmth into your hearts. All will be as dark and cheerless as the grave.

☞ Imaginashun, tew mutch indulged in, soon is tortured into reality; this is one way that good hoss-theeves are made; a man leans over a fence all day, and imagines the hoss belongs to him, and sure enuff, the fust dark night, the hoss does.

☞ Misers are generally bachelors; they seem averse to squandering even their affections.

Chairman Republican Co. Committee.

☞Cremer had another dream. He saw a subscription list numbering 2500. J-e-r-u-s-a-l-e-m! He had the cash all in *advance*—and then he awoke to find nearly all his papers coming back as thick as three in a bed.

☞What does it mean? Our attention has been called to the fact that it has become very fashionable with some of the disorganizers in town to carry heavy canes. Is anybody to be hurt?

☞Republicans, stick to the whole ticket. Just now is not the time to permit yourselves to be used by disorganizers to gratify their personal feelings toward any man in the Republican party. Just now is the time to save the Republican party from defeat. Just now is the time to destroy the seed sown by the disorganizers—and it is just the time to turn the face of every disorganizer from you, following his rear with the sharp end of your right foot.

☞If the disorganizers should succeed in defeating our county ticket or *any* portion of it—what then? Would that destroy the influence of men who had remained true to party nominations? Could men who acted wisely and supported the nominations of their party be expected to join hands with disorganizers to help them into office? Men true to their party and its nominees will hold the party organization, and if there is to be any *compromise*, the disorganizers will be the boys who will have to *come in*, and they had better do it before it is too late.

HIS IMPUDENCE PROPERLY RESPECTED.—A few days ago, a young disorganizer, who didn't get a "posish" from the Republican Convention, called at a farmer's house to enlighten him as to his duties in the present campaign. The young chap delivered himself to his own entire satisfaction, and just then the farmer's wife announced that dinner was ready, (peach pie and sich like,) when the farmer invited his visitor to the door, and pointing in the direction of another farm house said—"John——— lives over there, he is a good Democrat *of a kind*—he will try to believe every word you say—and perhaps he will give you something to eat—I am a Republican, good day." Bully for the old farmer—we wish we had been there to see. We'll bet we would have got our dinner, and no questions asked, because the good old gentlemen and a true party man reads the *Globe* and raises large potatoes.

☞Hon. John Scott has been unfortunate in taking the position he has in our local politics. It was uncalled for. At any other time, before the assembling of a nominating Convention or after an election, would have been a more proper time than just now to try to find out all about any secret political organization or organizations supposed by some to be in existence in the county. Mr. Scott was too hasty to head the attack upon prominent and good Republicans because they would not come under the control of a "ring" of politicians who have frequently controlled in years past the Conventions of the party, and who when they failed would always cut the ticket as much as possible. We say Mr. Scott was too hasty in allowing himself to be brought down to a level with dissatisfied county politicians.—The ticket nominated is just as good as many others the party nominated in former years, and perhaps better.—It was nominated with as much fairness as any other ticket was nominated, and as fair as it is possible to nominate one. We, as a party paper, cannot countenance any opposition to a regularly nominated ticket. All who oppose a ticket nominated in accordance with the rules and usages of a party organization are disorganizers and cannot claim to be recognized as party men. They, by dissenting from the action of their party nominating convention, place themselves outside the party and should have no control or influence in it. We, humble as we were, three years ago refused to support the Republican nominees. As soon as we took that position we no longer considered ourself a member of the party organization. But not satisfied, some of the very men who are now opposing the Republican ticket, met in public meeting and *read us out*—thus making it sure that we were out. We came in again when we saw proper to do so, and now the same rule must be applied to the men who will not support party nominations this fall. All are outside of the party, and have no control in it. They have fallen from grace—must repent if they will, and show by their works for a time that they are in earnest, before they can again get back in good standing in the Republican party.

☞The meeting the disorganizers' Chairman ordered to be held at Alexandria on Saturday evening last *was not held*. Porter township Republicans are not to be used by the disorganizers—they would not dishonor their township by obeying Logan's orders. He cannot be recognized by a party he is trying to defeat. As well might the chairman of the Democratic county committee attempt to direct the action of our party—*both* are opposed to the election of the ticket nominated by the Republican party. Logan and his disorganizing "ring" are outside of the Republican county organization—they refuse to act in harmony with the county Convention. He is only Chairman of the disorganizers' party, a party of men who will, if they cannot rule, try to ruin.

☞The leading disorganizers in town say they will poll a heavy vote in the borough against a majority of the candidates on the Republican ticket. We have not been able to find many Republicans who are bold enough to show their hand against the ticket, but we do know two or three who are trying to play the *sneak*. It's no use, gentlemen, you can't deceive old fishermen. Your record will be the same as if you had "did it" openly—manly. All who want to be known as on the side of the disorganizers can have their names in a prominent place in our paper if they will only hand them in.—We want a record, so that the party in the future can see who tried to destroy the party when it was struggling for life.

☞Why is Cremer publishing the disorganizers' organ? Because he couldn't get a nomination over a wounded soldier for Prothonotary.

Why are certain prominent disorganizers fighting Woods? Because he has more political friends in the county than they have.

Why is it that Brice X. Blair, P. M. at this place, is a disorganizer? Anybody can answer.

Why it is that the "ring" are all either loud-mouthed against the Republican ticket or desperately *mum*? Because they failed to rule, and are now anxious to ruin.

They Speak for Themselves.

We give in another column a statement by a large number of the delegates to the late Republican Convention that nominated the ticket that is now before the people for election. These gentlemen have been denounced by the disorganizers as either belonging to or influenced by a *Woods'* secret order. They speak for themselves, and plain enough to satisfy any candid man that the charges made by the disorganizers are without foundation.

☞Cremer has taken to dreaming, and publishing them. There is one he has not published. He dreamed that because he was not nominated over a wounded soldier for Prothonotary, he could, with the assistance of Henry A. Mark, Brice X. Blair, Dr. Henry Orlady, John Scott, M. M. Logan, D. Blair, Henry Davis, Alex. Briggs, Wm. Dorris, and a few others, SMASH *the Republican ticket.*

☞It may seem a little strange to some folks that while Mr. Woods is denounced by the disorganizers for having recommended persons as jurymen to the Republican jury commission, when he was asked to do so, Judge Clarkson, Alex. Briggs, Dr. H. Orlady, Geo. W. Johnston, and other Republicans, who, unsolicited, gave lists for their townships, should be overlooked by them, and receive no attention. The jury commissioners were not sufficiently acquainted over the county to select proper jurymen, and we cannot see anything very wrong, if wrong at all, in them taking better information than they had.—True, juries might be *packed*, like "My Committee," but it must be remembered that those who gave lists for jurymen didn't then nor don't now ride in the same wagon.

☞Cremer says Logan's Committee will conduct the campaign in the interest of the Republican party.—What nonsense. Will it be in the interest of the Republican party should its ticket be defeated? How is Mr. Logan conducting the campaign?—What good has his committee accomplished? Mr. Logan may be of some service to you in helping you to conduct your guerilla sheet, and that *is* working to the interest of the party, because true Republicans throughout the county can see in that sheet the *spirit* of the disorganizers, and in the future, when your sheet shall have passed away, they will have a record of your treachery.

☞We like the firmness of D. M. Painter, Chairman of the Republican County Committee. He is determined that no man shall be a member of the committee who is not in favor of sustaining the action of the Republican party. That's right! What right has a disorganizer—a man opposed to the Republican ticket—to a seat as a committee man. He would be of about the same use as a Democrat would be. We say to Mr. Painter, strike from the committee every man who is known to be using his influence to defeat the regularly nominated Republican county ticket—the Republican party will sustain you. The fountain head of the party organization must be reliable.

☞Republicans, don't allow the disorganizers to confuse or dishearten you. Remember you have a Governor and a Supreme Judge to elect. If they should be defeated, the State will be lost to the Republican party for years. Kick the disorganizers out of your way and go on to victory for the WHOLE ticket, from Governor down to Auditor. We hope no Republican will stay at home on the day of election because of the conduct of a few disorganizing office-seekers and office-holders.

☞The disorganizers propose to *kill off* all who are willing to serve them as volunteer candidates this fall. Mr. Cloyd has already handed himself over to them. We will wait to see if there is another man in the county willing to be shelved. Once a guerilla candidate and they are through with their party for a *few* years at least. Such has been the experience of all office-seekers who tried to get ahead of their party.

☞Some Democrats connected in a business way with the disorganizers are very anxious that their party, instead of nominating a ticket, should fall in line with the disorganizers and help them out. There is as much honor at stake in the Democratic organization as in any other, and it will be an uphill business to get Democrats to do the bidding of unprincipled disorganizers claiming to belong to the Republican party.

☞Cremer says Joseph Johnson told us in "My Committee" that "*Copperheads* were not wanted there." We did not hear Joseph, if we had we would have immediately pointed out the heads of Cremer and Johnson, both a very coppery color. We are glad to know that Joseph is prominent as a disorganizer—he has always failed in any political course he ever took since he was kicked out of the Democratic party.

☞Mr. Painter, Chairman of the Republican County Committee, will make arrangements for the printing and circulation of the full Republican ticket. They will be ready for distribution in a few days. Look out for the tickets Logan and "My Committee" will try to put in circulation to deceive true party voters. Every ticket should be carefully examined before it is voted.

☞The Republican party must be in a very bad condition in West township if what Henry Davis says is true. He says the Republican ticket will receive but very few if any votes in that township. That region is noted for having scattered around loose some pretty smart politicians, and we shall see how well Henry will be able to drill *them* and the balance of the voters.

☞"Many would like to hear from him (Woods) soon."—*Disorganizers' Organ.*

You have heard from him this week—and no doubt you will hear from him often. Disappointments don't make a fool of Woods.

☞Logan has been collecting funds from some of the candidates. No doubt it will be used to defeat a portion of the county ticket.

Letter from W. H. Woods, Esq.

MESSRS. EDITORS:—As the Hon. John Scott, U. S. Senator, did, in a public meeting held in the Court House in the borough of Huntingdon, on Friday, the 4th inst., make a personal attack on myself and others, I ask the privilege of replying through the columns of your paper. Mr. Scott, at that meeting, uttered what he knew, or could have known, was false, and basely so. If I were only individually concerned, I would treat his slander with the silent contempt it deserves, and as I have hitherto treated the malicious slanders uttered by the *Honorable* Senator. But it was an effort on the part of Mr. Scott not only to strike me, but also other worthy and prominent members of the Republican party, and he thought thus to aid and assist those who are now trying to disorganize the party. Not one of the gentlemen so foully aspersed by the *Honorable* Senator but is a life-long Republican, and it did not become him, *just fresh from the Democratic party*, to thus assail old, tried Republicans.

Mr. Scott charged myself and others with belonging to a secret order called the "Literati" or "People's League," with stuffing the jury box, and that it was no longer safe for him to try a suit in our court. To prove his assertions, he produced and read a paper purporting to be the Constitution of a secret order called the "People's League," which he asserted was signed by J. White Shaver and Peter Shaver. As it was not signed either by myself or any of the parties charged by Mr. Scott as belonging to it, it required other proof to fasten it upon them. He then asserted that Mr. J. White Shaver told him that I and Dr. J. A. Shade introduced him into the order and further that Mr. James Chilcoat, of Orbisonia, told him that the parties charged by him did belong. What Mr. J. White Shaver may have told him I do not know, but as to Mr. Jas. Chilcoat telling him so, I know that is not correct, as the following affidavit of Mr. Chilcoat will prove:

STATE OF PENNSYLVANIA, } SS.
HUNTINGDON COUNTY, }

On this 6th day of August, 1869, personally appeared before me, a Justice of the Peace in and for said county and State aforesaid, James Chilcoat, Justice of the Peace at Orbisonia, Pa., who, being duly sworn by me, according to law, declares, that whereas it has been reported that I have made an affidavit or signed a paper that I belonged to a secret political society, and that W. H. Woods of Huntingdon, Pa., was at the head of it, and that W. M'K. Williamson, D. R. P. Neely and others belonged to it, I, on my oath, solemnly declare that if there is any such paper in existence it is a forgery; that I never belonged to any political secret society other than one called the Union League, which I joined some years ago, which had for its object the election of good loyal men to office; that I never knew that W. H. Woods, or any of the parties above mentioned, belonged to it; that I have frequently been in the office of Woods & Williamson and that both of them talked on political matters to me, and that they never mentioned anything about any secret societies to me; that I never knew that they belonged to any. I further declare that I never belonged to a society called the "Literati." I further declare that I never gave any lists of names of any secret society to any one at any time.

[Signed] JAS. S. CHILCOAT.

Sworn to and subscribed before me, this 6th day of August, A. D. 1869.

JOHN H. LIGHTNER, J. P.

Witness, JOHN LOGAN.

In this affidavit Mr. Chilcoat distinctly swears that he never belonged to any secret order except the Union League, and that he did not know that I belonged even to it. He further states that he never furnished any list of names of any secret order to any one at any time. So far as this position of Mr. Scott's proof is concerned, it is fully answered. Mr. Scott asserted that Mr. Chilcoat told him all about it, and gave him a list of names of those who belonged. Mr. Chilcoat *swears he did no such thing.*

As to Mr. White Shaver's story, it is simply absurd. According to this story I and Dr. J. A. Shade introduced him into the People's League, and Mr. Peter Shaver, whose name it seems was signed to the Constitution, asserts that in the year 1854 he was initiated by J. White Shaver, but that he never attended a meeting afterwards, and knew nothing about it from that day to this, as the following letter will show.

MT. UNION, September 18, 1869.

In regard to the secret order, called the Literati, or the People's League, the Constitution of which was read by the Hon. John Scott, on the 4th inst., at a public meeting in Huntingdon, I know this much about it: In the year 1854, as near as I can recollect it, J. W. Shaver, of Mt. Union, called on me at my house, and stated the object of the so-called order, and as everything looked fair I went in the ring. I got no password, nor I got no grip, that I can recollect of. I have never attended a meeting of the so-called order, nor I never heard of a meeting anywhere in this county of the so-called order, though there are some parties in the county claim that there is still a secret organization in the county; in case there is I have no knowledge of any whatever.

Respectfully, &c.,
PETER SHAVER, JR.

The date in this matter is very important as it clearly proves that White Shaver's story as far as I am concerned, is not true. In 1854 I was teaching school at Easton, Northampton county, Penna., and the first acquaintance I ever had with Mr. White Shaver was in the latter part of 1860. A little over a year after that I left Huntingdon county and did not return until 1863. I do not think Mr. White Shaver was then living at Mt. Union, but of this I cannot say positively, as I was but slightly acquainted with him at that time. It has only been within the last four years that I have taken any part in the politics of this county, and the citizens of Mt. Union, where Mr. White Shaver lives, know and can testify that Mr. Shaver has never been politically or otherwise a friend of mine. The foundation of Mr. Scott's tale, founded as he said it was on the say so of those two individuals, is thus entirely swept away. But Mr. Scott was not only guilty of publishing this untruth, in the meeting spoken of, but as a back-biter and busy-body he took his horse and carriage and went from house to house throughout Porter township, and told the same untruth there and busied himself in calling all he thought would believe him, into his office, and telling them the same story.

Mr. Scott, in his speech on the 4th inst., asserted he was actuated by the purest motives; that what he did was for the good, both of the Republican and Democratic parties, and though very unpleasant to him, yet he considered it a duty he must discharge. If Mr. Scott's motive was pure, if it was not the most bitter hatred to myself that was actuating him, his conduct in this matter was most singular. The present *disorganizers of the party* were those who were most active in urging Mr. Scott forward to do what he did. Now Mr. Scott was informed that W. B. Ziegler, of Huntingdon, would testify that he was initiated into this same order, and the gentlemen who are now trying to disorganize the Republican party belonged to it; but that those charged by Mr. Scott as belonging did not belong. Mr. Henry R Shearer, of Shade Gap, was here to testify that the ringleader of the disorganizers approached him last spring three years ago to join it, and other parties here, at Petersburg and in Jackson township, would testify the same thing. If pure motives were actuating Mr. Scott, why did he not tell the truth? Mr. Scott further asserted that it was through the influence of this secret order some of the present County ticket was nominated, and we have taken the trouble to get most of the delegates of the late County Convention who voted for these candidates, to certify that this also is not true, and we will ask you to publish it. Mr. Scott's course in this matter has been in no way creditable to himself nor to the position he occupies, and his whole conduct has been ungentlemanly, uncalled for and inexcusable.

Yours, &c.,
W. H. WOODS.

To the Republican Voters of Huntingdon County.

Whereas, the Hon. John Scott, United States Senator, did in a public meeting held in the Court House in the borough of Huntingdon, on Friday the 4th inst, publicly charge certain parties with belonging to some secret order called the Literati or People's League, and asserted that it was thro' this secret order that some of the present Republican County Ticket was nominated, we the undersigned, who were delegates to the late Republican County Convention, most emphatically deny that we belong to any such order as the Literati or People's League; and moreover, acknowledge that we supported in Convention some of the candidates that were nominated, and we do condemn the course pursued by the Hon. Senator.

Mr. Scott has, through the Republican party, been elevated to one of the highest positions in the gift of the people; honor required him to stand by the party that thus favored him, and he is guilty of treachery in betraying as he has done, and in trying to ruin that party.

Mr. Scott must remember that the great Republican party is composed of independent freemen, who *can think* and *will act* for themselves, and do not choose to be led and controlled by him or any other man. As Mr. Scott has so lately come into the Republican party, modesty requires that he should not so early attempt to rule, and as to his threat to crush the party if he can not control it, we would simply remind him of Senator Cowan's fate; and further, that the Republican party has been, in days gone by, triumphant, when Mr. Scott's powerful aid was with the Democrats, and will still be triumphant after he returns to his first love.

A Card.

Having learned that I am charged with acting in concert with a secret organization known as the "Literati," or "People's League," and that my nomination was secured through its influence, I deem it due, not only to myself, but to the party which has placed me in nomination, to say that I am not, and never have been, a member of any such organization, and have never acted in concert with it. I have always condemned, and still condemn, any secret organization inside of party lines. As a candidate, I solicited the support of delegates and the assistance of other candidates, but I deny that I made any bargain or agreement with the said organization, and I pledge myself to oppose any ring or association designed to control nominations, or prevent a free expression of the will of the whole Republican party in nominating and electing its candidates. JNO. N. SWOOPE.

Alexandria, Sept. 27, 1869.

[COMMUNICATED.]

MR. EDITOR: In last week's issue of guerilla sheet, called the "Republican," we saw a communication signed "Porter." We would in Porter township, like very much to know who the author of that communication is. He talks as if he belonged to some kind of secret order. Now the tax-payers of this township are considerably interested in what was done with all the money that was raised for recruiting purposes. A pocket book, which had the people's money in it, was lost.—Who had to refund the money or how was it fixed up—did the party manage it through any secret order? It would be well if the tax payers would look into this matter; perhaps Porter could inform us. A TAX-PAYER.

☞One of the disorganizers' "ring" is already going over to the Democrats—his first step appears in the *Monitor* of last week. He will feel more at home there than where he has no influence. It will not be long until a few more of the same sort move in the same direction.

☞Farmers needing a Grain-drill, will do well to call on Wharton & Maguire and examine the Willoughby gum-spring grain drill, either with or without phosphate attachment, before purchasing. tf

☞We received a good report of the meeting that *was to be held* in Alexandria, but had not room for it.

"OUR POSITION."

Theodore H. Cremer in the first issue of his Guerilla sheet undertakes to state his position, and tries to give some reason for his betrayal of the Republican party. It is a well known principle that a man never does a mean or dishonest act that he does not try to excuse it, either to himself or others.—Mr. Cremer feels conscious that the business he is now engaged in is a degrading one. Hitherto, he has enjoyed the confidence, respect and esteem of his neighbors, but all now look upon him as a Judas or an Arnold. He is ashamed to look an honest party man in the face. For thirty years he says he has supported the Republican party. Well he might, when it is remembered that twenty-two years out of the thirty he held office under that party. For several months past Mr. Cremer inserted his card in the county papers, that he was candidate for Prothonotary, subject to the decision of the County Convention. He went before the Convention, his competitor was a wounded soldier, and Mr. Cremer was fairly beaten. Having gone before the Convention and taken his chances, honor required him to abide the decision of the Convention, and his present course is not to his credit. The reasons this gentleman gives for betraying the party are these: The Convention was packed, and that the nominations were made by corruption and bribery, and that fraud vitiates all contracts. Now, Mr. Cremer, you know that the allegations of a party interested like yourself and your master, John Scott, will not prove either that the Convention was packed or that the nominations were made by fraud. We want proof. What delegate do you call packed, and what is your evidence of fraud and corruption? These wholesale charges against seventy-eight picked men of the Republican party are shameful and outrageous, and no man worthy of the name of man, would be guilty of uttering them without the proof. And now since you have been guilty of uttering these slanders, the people want your proof. What delegate was bought and corrupted, and what candidate bought him? and if any delegates were packed, who were they, and what is your proof? it is proof that the people want; not wholesale charges. And now either prove to the people of Huntingdon county that what you have asserted is true, or acknowledge that you have wilfully and maliciously falsified.

Mr. Cremer, if there is any act more diabolical than another, it is where one man enjoying the confidence of the community undertakes by slanderous reports to blacken the character of young men just starting in life. All the candidates on our County ticket, whom you have basely maligned, are young men, life long Republicans, and worthy of the support of the Republican party. You charge them with being nominated through a secret order called the Literati or People's League. Where is your proof that they or any one of them belong to such a society? It is true that you publish a constitution purporting to be of such a society, which you say is in the handwriting of Dr. J. A. Shade. Whether you have such a paper in Doctor Shade's handwriting or not, I do not know. Suppose you have, what of it? does that prove that any of these young men belong to it? Are their names to that constitution? If not, it is proof conclusive that they know nothing about it. Besides, Doctor Shade was not a delegate and did not even attend the county convention and took no part whatever in making the nominations.

You published the constitution of the People's League, why did you not publish the names of those who signed it, that the people might see who belonged and who did not?

Mr. Cremer, your low, disgraceful trick will not avail you, nor the disorganizers who are working with you. The Republican party is composed of intelligent freemen, who cannot be imposed upon by such a tale as this to defeat the party and hand the victory over to the Democrats.

Now, you talk of secret orders, will you on your oath dare deny that you were initiated into a secret order called the Literati? you also talk of bribery and corruption, will you deny that at the late county convention you offered a delegate five dollars if he would vote for you and when he did vote for you, you forgot to pay him? If you dare deny either of these facts, you will hear from me again, and I will prove them.

Shame on you. A man who wants to come as a self appointed Censor, must come with clean hands and a pure heart. You must not think because you used your money to corrupt delegates that others were as guilty as yourself.

You are an old political hack and thoroughly understand the buying process. Those young men slandered and vilified by you, are young in politics and besides they are just starting in life and none of them had money to buy with. Traitor to the party that has filled your coffers with money and made you what you are, you are known. The party can do without you. Never disgrace its ranks with your presence again. *You have heard from me!*

It is said that Calisaya Bark has a peculiar effect upon the liver, and guards the system against diseases by exposure and irregular diet. It is conceded that the great success of the wonderful Plantation Bitters, which, previous to our late unhappy difficulties, was found in most southern homes, was owing to the extract of Calisaya Bark which it contained as one of the principal ingredients. In confirmation of this we have heard, one of our distinguished Physicians remark, that whenever he felt unwell from ordinary dietetic or atmospheric causes, he invariably relieved himself by Plantation Bitters. We speak advisedly when we say that we know it to be the best and most popular medicine in the world.

[COMMUNICATED.]

MR. EDITOR:—In all the history of Huntingdon County, I dare say, there never was a man who stood so high in the estimation of the people as our present United States Senator, Mr. Scott. It was not a divided honor, as far as parties were concerned, but the feeling was unanimous; his name was echoed far and near in words of praise and honor by the members of the Democratic as well as the Republican party. Why, sir, the people almost worshipped the man, whose principles seemed based on a foundation as that of the everlasting hills; and whose sense of honor and integrity towered (like the Egyptian Mountains) far above the common mass of party corruption and littleness which floated around him. Then he stood like the towering oak, looked upon by his lesser brothers with awe and reverence, who with mingled feelings of pride and respect, to think that one of their number should have been lifted to such an exalted position, looked up from beneath the shade of his outspreading branches.

But alas for the frailty of human hopes and idols; they alike, when brightest and most devoutly worshipped, crumble into dust and are looked upon with disdain; and it may be, perchance, a sigh is heaved as the beholder thinks of how it might have been.

There is at the present time, as your readers are all aware, one of the most exciting campaigns, as far as the election of county officers is concerned, that the county has ever witnessed.—The cause of which is, the endeavor of a certain faction of the Republican party (at least they wish to be known as members of the same) since they have found they can no longer hold the reins, to split the ticket and in that way defeat those who have already defeated *them*, and that, in a more honorable and principled manner.

Among the leading members of this faction or ring is the above mentioned Mr. Scott, Now let me ask the question—was Mr. Scott supported by the whole of the Republican party or was he supported by only part of it? Most assuredly by the whole of it. Then why does he turn round in the face of all this, and endeavor to defeat his own party, aye! his own neighbors? Mr. Scott should remember the "Golden Rule," or at least the "Silver Rule." And in the eyes of all sensible persons, it seems to be the least thing that a man, holding the position he does, should stoop to attempt. Why it would be a small enough matter for a petty politician to resort to, let alone a statesman holding an office, if anything, superior to that of President, as far as the interest of the people are concerned.

If Mr. Scott desires to retain the confidence and esteem of his fellow-men, let him remember that he will not do so by attempting to defeat the nominees of his own party. ANON

Also, that in the 4th section of the Act of Assembly, entitled "An Act relating to executions and for other purposes," approved April 16th, 1840, it is enacted that the aforesaid 13th section "shall not be so construed as to prevent any militia or borough officer from serving as judge, or inspector or clerk of any general or special election in this Commonwealth."

By the act of Assembly of 1869, known as the Registry Law, it is provided as follows:

1. "Election Officers are to open the polls between the hours of six and seven, A. M., on the day of election.—Before six o'clock in the morning of second Tuesday of October they are to receive from the County Commissioners the Registered List of Voters and all necessary election blanks, and they are to permit no man to vote whose name is not on said list, unless he shall make proof of his right to vote as follows:

2. The person whose *name is not* on the list, claiming the right to vote must produce a qualified voter of the district to swear in a written or printed affidavit to the residence of the claimant in the district for at least ten days next preceding said election, defining clearly where the residence of the person was.

3. The party claiming the right to vote shall also make an affidavit, stating to the best of his knowledge and belief where and when he was born, that he is a citizen of Pennsylvania and of the United States, that he has resided in the State one year, or, if formerly a citizen therein and removed therefrom, that he has resided therein six months next preceding said election, that he has not moved into the district for the purpose of voting therein, that he has paid a State or county tax within two years, which was assessed at least ten days before the election, and the affidavit shall state when and where the tax was assessed and paid, and the tax receipt must be produced unless the affiant shall state that it has been lost or destroyed, or that he received none.

4. If the applicant be a naturalized citizen, he must, in addition to the foregoing proofs, state in his affidavit when, where, and by what court he was naturalized and produce his certificate of naturalization.

5. Every person, claiming to be a naturalized citizen, whether on the registry list, or producing affidavits as aforesaid, shall be required to produce his naturalization certificate at the election before voting, except where he has been for ten years consecutively a voter in the district where he offers to vote; and on the vote of such a person being received, the election Officers are to write or stamp the word "voted" on his certificate with the month and year, and no other vote can be cast that day in virtue of said certificate except where sons are entitled to vote upon the naturalization of their father.

6. If the person claiming to vote who is not registered shall make an affidavit that he is a native born citizen of the United States, or, if born elsewhere, shall produce evidence of his naturalization, or that he is entitled to claim same by reason of his father's naturalization, and further, that he is between 21 and 22 years of age, and has resided in the State one year, and in the election district ten days next preceding the election, he shall be entitled to vote though he shall not have paid taxes."

In accordance with the provision of the 8th section of an act entitled "A further supplement to the election Laws of this Commonwealth," I publish the following:

WHEREAS, By the act of the Congress of the United States, entitled "an act to amend the several acts heretofore passed to provide for the enrolling and calling out of the national forces, and for other purposes," and approved March 30, 1865, all persons who have deserted the military or naval service of the United States, and who have not been discharged or relieved from the penalty or disability therein provided, are deemed and taken to have voluntarily relinquished and forfeited their rights of citizenship and their rights to become citizens, and are deprived of exercising any rights of citizens thereof;

And whereas, Persons not citizens of the United States are not, under the Constitution and laws of Pennsylvania qualified electors of this Commonwealth.

SECTION 1. *Be it enacted, &c*, That in all elections hereafter to be held in this Commonwealth, it shall be unlawful for the judge or inspectors of any such election to receive any ballot or ballots from any person or persons embraced in the provisions and subject to the disability imposed by said act of Congress, approved March 3d, 1865, and it shall be unlawful for any such person to offer to vote any ballot or ballots.

Sec. 2. That if any such judge and inspectors of election, or any one of them shall receive or consent to receive any such unlawful ballot or ballots from any such disqualified person, he or they so offending shall be guilty of a misdemeanor, and on conviction thereof in any court of quarter sessions of this commonwealth; he shall for each offence, be sentenced to pay a fine of not less than one hundred dollars, and to undergo an imprisonment in the jail of the proper county for not less than sixty days.

Sec. 3. That if any person deprived of citizenship, and disqualified as aforesaid, shall, at any election hereafter to be held in this commonwealth, vote, or tender to the officers thereof, and offer to vote, a ballot or ballots, any person so offending shall be deemed guilty of a misdemeanor, and on conviction thereof in any court of quarter sessions of this commonwealth, shall for each offence be punished in like manner as is provided in the preceding section of this act in case of officers of election receiving any such unlawful ballot or ballots.

SECTION 4. That if any person shall hereafter persuade or advise any person or persons, deprived of citizenship or disqualified as aforesaid, to offer any ballot or ballots to the officers of any election hereafter to be held in this Commonwealth, or shall persuade, or advise, any such officer to receive any ballot, or ballots, from any person deprived of citizenship, and disqualified as aforesaid, such person so offending shall be guilty of a misdemeanor, and upon conviction thereof in any court of quarter sessions of this commonwealth, shall be punished in like manner as is provided in the second section of this act in the case of officers of such election receiving such unlawful ballot or ballots.

Particular attention is directed to the first section of the Act of Assembly, passed the 30th day of March A. D., 1866, entitled "An Act regulating the manner of Voting at all Elections, in the several counties of this Commonwealth;"

"That the qualified voters of the several counties of this Commonwealth, at all general, township, borough and special elections, are hereby, hereafter, authorized and required to vote, by tickets, printed or written, or partly printed and partly written, severally classified as follows: One ticket shall embrace the names of all judges of courts voted for, and be labelled outside "judiciary;" one ticket shall embrace all the names of State officers voted for, and be labelled "State;" one ticket shall embrace the names of all county officers voted for, including office of Senator, member, and members of Assembly, if voted for, and members of Congress, if voted for, and labelled "county;" one ticket shall embrace the names of all township officers voted for, and be labelled "township;" and each class shall be deposited in separate ballot boxes.

Pursuant to the provisions contained in the 67th section of the act aforesaid, the judges of the aforesaid districts shall respectively take charge of the certificate or return of the election of their respective districts, and produce them at a meeting of one of the judges from each district at the Court House, in the borough of Huntingdon, on the third day after the day of election, being for the present year on Friday, the 5th of November next, then and there to do and perform the duties required by law of said judges. Also, that where a judge by sickness or unavoidable accident, is unable to attend said meeting of judges, then the certificate or return aforesaid shall be taken in charge by one of the inspectors or clerks of the election of said district, and shall do and perform the duties required of said judge unable to attend.

Also, that in the 61st section of said act it is enacted that "every general and special election shall be opened between the hours of eight and ten in the forenoon, and shall continue without interruption or adjournment until seven o'clk. in the evening, when the polls shall be closed."

GIVEN under my hand, at Huntingdon, the 14th day of Sept., A. D. 1869, and of the independence of the United States, the ninety-second.

Ayer's
Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a
HAIR DRESSING,
nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Ayer's Cathartic Pills,
For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and all know that what it does once always is—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar-coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action,—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrhœa, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. Even those who are temporarily well, often find that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
